WRAP Technical Support System
Required Functions - WRAP Regional Haze
Planning & Implementation
Technical Analysis Center
Deliverables – see timeline
GIS-based user interaction w/summary data
Access to upstream datasets
Store integrated regional analytical results (weight-of-evidence) for Haze Planning/Tracking
Analytical Toolbox for users - menu of:
Metrics
Parameters, including flags, qualifiers
Scale
Periodic Data Product Updates options
Spatial
Satellite Data Applications
METADATA
First Priority:
Complete AoH Phase II Project
Second Priority:
Build Analysis/Interaction Tools
Regulatory Agencies & Users
Tracking & Planning Applications
Science Applications
Research Community
