

February 20, 2007

Steve Owens  
Director  
Arizona Department of Environmental Quality  
1110 West Washington St.  
Phoenix, AZ 85007

Mr. Owens:

The Oregon Department Energy, the Oregon Department of Environmental Quality and the Oregon Public Utility Commission request the Western Regional Air Partnership help western states, provinces, and tribes develop guidelines to calculate the CO<sub>2</sub> emissions (pounds per megawatt-hour) from unspecified wholesale purchases that meet the electricity needs of each state, province, or tribe.

Please see the attachment for detailed information.

Sincerely,
