Conference Call Notes (by Rebecca Reynolds)

Reminder: follow-up on NBTT resource Team response assignments in Portland!

Also, we need to add the Registration Table shifts for the following:

Rebecca:	7-8:30 pm
Darla:	same
Carl:	8:15-9:30 pm
Mark:	same
John:	9-10 pm

I asked Jim & Mike (Carl arrives at 8:00 am) to email me their arrival times -- looks like Mike can probably make it on May 1 after all --- yea!.

Reminder to us: add Interim Report/Compilation issue to May 1 meeting agenda.

Jim said he'd discuss the posters with Sam when he calls him, and will email us both the results of that call. He will also stress importance of his presence (again).

Mike wanted us to add to the list of possible concerns:

- 1) magnitude of source

2) is this a more FLM driven process -- light on ag, etc.
