

**NBTT Management & Content Team Conference Call
CONFERENCE CALL INFORMATION**

August 9, 2001

10 am - Noon, Mountain (9 - 11 am, Pacific)

Call in number 307-766-1007 followed by the passcode 7391

(note this is a different phone number and code than how we have usually done calls)

To facilitate the finalization of a Recommended Policy for Categorizing Fire Emissions for submission to the FEJF on August 14 the NBTT Management / Content Team will have a CRITICAL conference call on August 9. A revised Recommended Policy for Categorizing Fire Emissions will arrive prior to the call for your review (hopefully by August 8 AM) and FINAL comments will be discussed on the conference call.

Rebecca and I are ready for your review to facilitate the finalization of a Recommended Policy for Categorizing Fire Emissions for submission to the FEJF on August 14. Your instructions for the review are summarized below.

REBECCA AND I IMPLORE YOU TO PLEASE MAKE SURE YOU REVIEW THE DRAFT RECOMMENDED POLICY AND ARE PREPARED FOR TOMORROW'S CONFERENCE CALL!

Please review the Policy and note as follows:

- 1) "Understand what is written, but disagree"
- 2) "Don't understand what is written and need clarification from the writer(s)"
- 3) "Understand, agree, but think something more is needed -- e.g., an illuminating example, more Ag reference, etc."

WE DO NOT WANT YOU TO WORDSMITH -- that will take too long to deal with on the phone!

There are some specific areas that are highlighted for your review so that those can be discussed during the conference call. In addition there are still a few pieces missing from the document, which are noted.

Post-Conference Call Notes (by Darla Potter)

Thank you to all of you in our PUSH to get this finalized and out to the FEJF for their consideration. Rebecca and I have taken into consideration your comments from the 8/9/01 conference call in the development of the latest version attached (Draft Policy 8_10.djp.doc).

This version is being sent to you and is your LAST OPPORTUNITY TO COMMENT on the Policy before it is sent to the FEJF. **ALL**

COMMENTS ARE DUE BY COB, Monday, August 13, 2001 to Darla via e-mail.

Please note that the last paragraph of the Suppressed by Management Action on page 16 as well as Appendix B are NEW. They are in this document as a recommendation and build on the language expressed in the Draft Policy as the "caveat" to Policy Statement #7 and the associated annotation.
