

Canadian and Mexican Fire Emissions

Issues

- Canada 2002: when will it be available
- Mexico fire activity data available from multiple sources
 - USFS Spring 1998 (Alvarado)
 - Mexico NEI 1999 (ERG)
 - Fire reports (various formats) (CONAFOR)

Solutions

- Mexican data will be processed on a monthly basis by Nov/Dec 2004, if relief and help is obtained.
- Canadian monthly data for 2002 available (1x1) available in Nov/Dec 2004.
- Mexico & Canada: weekly/hourly emissions will be ready by summer 2005.
