

DRAFT Road Map (as of 4/22/04)
Regional Haze State Implementation Plan
Under Section 309(g) of the Regional Haze Rule
[Revision to 12/03 SIP under 309(g)(3)]

Rule Requirement	SIP Activity	Related WRAP , State, EPA Activity or Work Product	Target Date
309(g)(2)	For each additional CIA, demonstrate expected visibility for most impaired and least impaired days as established in the 12/03 SIP	<i>Will WRAP be providing any related updates?</i>	
309(g)(3)	For each additional CIA, set goal and include any necessary control measures as outlined in 308(d)(1) through (4); SEE 308 Road Map, but note exceptions below	<i>Proceed with NOx-PM Report recommendations regardless of IAQR?</i>	
309(g)(4)(i)	Develop any long-term strategies by building on GCVTC “credit” under 12/03 SIP	<i>Who determines SIP credit and when?</i>	
309(g)(4)(ii)	Demonstrate that milestones and backstop trading program satisfy 308(e) BART requirements for SO ₂ ; better than BART 308(e)(1) projection	<i>Will WRAP be updating or re-modeling the claim that trading program is better than BART?</i>	
309(g)(4)(iii)	Determine if any strategies for the additional CIAs are incompatible with strategies implemented in 12/03 SIP	<i>Is there sufficient time frame to make this type of determination?</i>
