

# Department of Environmental Quality

To protect, conserve and enhance the quality of Wyoming's environment for the benefit of current and future generations.

Dave Freudenthal, Governor

John Corra, Director

September 28, 2006

Mr. Ken Cronin  
WRAP Tribal Caucus Coordinator  
National Tribal Environmental Council  
2501 Rio Grande Blvd. NW, Suite A  
Albuquerque, NM 87104

Dear Mr. Cronin:

As you are well aware, the State of Wyoming, Department of Environmental Quality will be preparing a State Implementation Plan (SIP) to meet the requirements of 40 CFR 51.308, as well as amending the 309 SIP submittal to protect visibility in Class I areas across the country. While we believe that the Western Regional Air Partnership (WRAP) serves as the coordinating body for all consultation during this process, we would like you to know that we welcome tribal participation in our state SIP process. As the coordinator for the WRAP tribal caucus, we hope that you will share this letter with any tribe that would like to consult with Wyoming on regional haze goals.

I have enclosed a list of contacts within the Air Quality Division who are involved in the SIP process. The Division maintains a web site for regional haze matters at <http://deq.state.wy.us/aqd/regionalhaze.asp>, and all future public information will be posted there. At this point, the earliest we are anticipating a draft of the SIP will be the summer of 2007. If you have any questions regarding the SIP preparation or schedule, please feel free to contact Christine Anderson of my staff at 307-673-9337.

Sincerely,

David A. Finley  
Administrator  
Air Quality Division

cc: Christine Anderson, Air Quality Division  
Nancy Vehr, Assistant Attorney General
