Projection Year Inventories

We are pleased to announce the initiation work that will lead to the availability of projection year inventories in the EDMS. Based on data prepared by other contractors, the EDMS will soon include inventories as listed below.

Inside This Issue

Projection Year Inventories	1
Meet the DBA Team	1
EDMS Expands	2
From the First Year's Logs	3
Upcoming Events	3

Training Event

- December 5, 2005
- Via WebEx
- Over 40 attendees
- 90 minutes
- Positive Feedback

Inventories

- 2002 Actual Version 1.3
- Projection Year
 - Partial – 2008, 2013
 - Full – 2018
- CENRAP
- Mexico Border States
- Pacific

Inventories

- 2002 Actual Version 1.3
 - Multiple files
 - Revisions
 - SCCs
 - Recompile Views
 - QA routines

Post-Beta Action Plan

Post-Beta Action Plan

- Post Beta Results Document
 - Identified potential issues
 - Recommended specific actions

Forward Approach

- Response
 - 30-60-90 Plan
 - Documentation of Actions
- Priorities Tracking
 - Recommended specific actions
- Activities Tracking
 - Specific issues/resolutions with data, loading
- Communications Tracking
 - Correspondence/telephone
 - Pro-active support
- Monthly Summaries

Initial Responses

- SMOKE/IDA, Ad-Hoc
- Standard Reports
- Security
- Fire Data, Reporting, Functionality
- Section 508
- Dashboard
- GIS
- JPG files
