

2010 CalNex “Expansion to the Downwind WRAP Region” Survey Outline

July 27, 2009

- Current background information on study development posted on [WRAP front page](#)
- Contacting local, state, tribal, and FLM agencies in AZ, ID, NV, NM, OR, UT, CO, and WY during August 2009 to assess 3 topics for the May 1 through June 15, 2010 planned study period:
 - 1) Documentation of existing monitoring sites and instruments
 - 2) Interest and ability to deploy and operate additional monitors; and
 - 3) Possibilities for collecting additional activity and/or emissions data.
- Send updated white paper – to replace:
http://www.wrapair.org/forums/toc/meetings/090108c/Draft_WRAP_Regional_Field_Study_White_Paper1_7_09.pdf
- TOC-sponsored conference call/webinar in Fall 2009 to coordinate response and develop “downwind” plan
